PORTAGE LA PRAIRIE*

ABOUT ME

I believe that the work done by RTAM is important to the quality of life for retired teachers in these times with the gusty winds of change. We need to work together for the good of all members.

I have a long history of volunteering in my community of Portage La Prairie, for inclusion and equal opportunities in this diverse city. My time is spent with the Bear Clan, Habitat for Humanity, PAWS, and the Holiday Avenue project of beautification.

Personally, I enjoy Pickleball, hiking and travel.
