

MARILYN WIEBE

**SEEKING ELECTION
WINNIPEG**

ABOUT ME

GDr. John Wiens, Dean of Education, Emeritus, University of Manitoba and I have careers that crossed paths. He was the Principal who shook my hand when I graduated from high school. Then he was back to shake my hand again when I received my MTS PIN at my first teachers' association meeting in his capacity as the President of the Manitoba Teachers' Society. Toward the latter years of my career I served LRTA by serving on the Dean of Education's Stakeholders Committee. Now I read his Op-Ed columns in the Winnipeg Free Press. I also see him occasionally in social settings. Most recently while volunteering at RMTC as an usher.

Harry Chapin, All My Life's A Circle; Pink Floyd, We Don't Need No Education and The Sound Track from The Lion King, Be Prepared; were a few of my go to tunes for inspiration in my teaching career. Now I think I'll try joining Bill Quinn's Retired Teachers' Choir! If there's room for one more?
