AUDREY SIEMENS

SEEKING ELECTION WINNIPEG

ABOUT ME

I have been an educator for 37 years in the Louis Riel School Division and am currently a substitute teacher (K-12) including classroom, EAL, Student Services and specialized programs in both public and private schools.

I served as a Director for RTAM in 2022-2023 which included serving on the wellness committee, the pension committee and co-chairing the Ad hoc Substitute Committee which was formed in 2022. In 2023-2024. I served on the Ad hoc Substitute committee as a Recording secretary and also presented at RTAM Pre-Retirement workshops and at a RTAM involvement workshop.

My goal is to improve and enhance the quality of life for all RTAM members by working together with community groups and associations. I want to promote communication and collaboration with all our members to address the specific needs and concerns of our membership. I possess strong organizational and collaborative problem-solving skills which are beneficial in teamwork throughout our organization.

I look forward to once again serving as a Director on the RTAM Board.
