We are aware that members still have not received KIT which was sent out in December. We can confirm that all magazines were sent by our printer at the end of the first week of December to Canada Post.

Knowing that members still haven't received the most recent edition, we are working with Canada Post to understand why we're experiencing delays of more than a month and we're trying to find out if this will also impact our Spring edition.

While the online version of KIT is accessible, we are hopeful to have resolutions in place and a more expedient delivery for March and April.

## Red Cross Presents: Friendly Calls

The program matches people over the age of 18 with trained Red Cross volunteers who connect with them regularly to check-in, provide emotional support, encourage healthy coping strategies, and suggest well-being resources and community connections to other existing services.

The Red Cross is offering seminars this month and next month to help explain the program to communities and to secure more volunteers.

## Manitoba Budget Survey

The Provincial Government is looking for budget planning insight from Manitobans.

There is no planning for seniors or older adults in the package or list of options that are provided.

There is a section to write in comments at the end of the report and survey.

We ask all our members to complete the survey and write in that there HAS TO BE a commitment to seniors and older adults moving forward.
