The Brain and Aging with Jayesh Maniar

Join us on May 1st as we begin a new series we're currently calling ***For Us By Us***. This new series will allow retired teachers with a passion or expertise to work with the RTAM office on creating and presenting a workshop and seminar to our membership. This pathway allows us to share our internal knowledge and enrich our community from within. We hope other teachers with knowledge, insight and passions worth sharing will come forward and help us create new events for everyone.

This first session (hosted by RTAM Director and Secretary, Jayesh Maniar) will cover what happens to our brain as we age, how this change affects our perception and ability, and what are some factors that will help reduce the effect of the aging brain.

Volunteer for the RTAM Board of Directors or an RTAM Committees today!

We are still seeking volunteers to join Committees which are starting up in May and June. We are also looking for 2-3 more Directors for our Board. Volunteer and sign up today!
